FOUR MILLION LOSS IN L. A. BEACH FIRE

SOUTHWEST WIND SAVES BUSI-
NESS SECTION FROM LOSS

OCEAN PARK PLEASURE ZONE IS SWEEPED AWAY

Third Time in Ten Years Park Has
Been Hit By Conflagration.—Men
Trapped in Flaming Buildings, Leap
Into Ocean.

Los Angeles.—For the third time in ten years the Santa Monica bay district has suffered the complete destruction of an amusement resort by fire when the Ocean Park pleasure zone burned, resulting in a loss estimated at nearly \$4,000,000.

The fire, said to have started in a restaurant at 9:45 a. m., swept from the \$1,000,000 Pickering pier through the Frazier pier to the Lick pier, raising everything on these three piers and burning a number of big pleasure palaces bordering them.

The giant dipper, built at a cost of \$100,000 last summer; the Bon Ton ballroom, costing \$300,000, and several other rides were consumed, the conflagration raging for two hours before firemen from all bay cities, aided by departments from Los Angeles, Sawtelle, Beverly Hills and Culver City, succeeded in getting the flames under control.

And then, had it not been for the fact that the breeze was a gentle "southwester" holding the flames to the burning area, the entire business section of Ocean Park would have been burned as it was in 1912.

It was only by strenuous efforts that the \$750,000 municipal auditorium at the north end of the Pickering pier was saved, an end of the building bursting into flames several times.

The loss, hurriedly estimated, was as follows:

Dome Theatre, \$500,000.
Pickering pier, \$1,000,000.
Lick and Frazier piers, \$1,000,000.
Bon Ton ballroom, \$300,000.
Giant Dipper, \$100,000.

Several miraculous escapes in which men were forced to leap from flaming buildings into the ocean were reported, but no lives were lost.

AUTOISTS ABANDONS VICTIM— SHOOTSELF IN HOTEL ROOM

San Francisco.—As detectives were on their way to his room to arrest him, George A. Rooth, wealthy grain broker, shot himself dead at the Colonial Hotel. Earlier in the evening Rooth's car had run down and seriously injured Heber Tilden, prominent society youth. The driver fled leaving Tilden unconscious in the street. Onlookers got the car's number. Detectives traced Rooth to the Colonial Hotel.

From the lobby the detectives phoned Rooth's room and then started upstairs. As they entered the hallway they heard two shots. Then the door was forced. They found Rooth's body, nude and huddled in a corner where he had fallen after shooting himself through the head.

HUSBAND KILLS FALSE FRIEND CAUGHT TRIFLING WITH WIFE

San Francisco.—Robert Schrader, proprietor of a hotel at 724B Howard street, was held on the charge of murder following the shooting of Peter Jensen in a doorway at Seventh and Mission streets. Schrader told the police he saw his wife leaving the hotel to join Jensen, who lived at the hotel and whom he regarded as a friend. He followed the couple in his machine and when they fled, at the sight of him, he cornered Jensen and emptied his revolver into his body. Jensen died while spectators were disarming Schrader.

Mrs. Schrader escaped and is being sought by the police.

Adrenalin Restores Heart

Chicago.—Adrenalin chloride may become the elixir of life for persons with heart trouble. With the aid of Dr. A. G. Fray restored life to Mrs. Emma Wolf, Ontario, Ill., whose heart had stopped beating for ten minutes. Within thirty seconds after adrenalin had been injected, the patient's heart resumed beating and in half an hour she had regained consciousness.

Quinn Scores Bonus Foes

Indianapolis.—Making reply for the American Legion to opponents of the adjusted compensation, John R. Quinn, national commander, in a letter addressed to representatives in congress, accused employers of coercing their ex-service men employees into writing letters to senators and congressmen in opposition to the proposed adjusted compensation bill.

MID-WEST GRIPPED BY ARCTIC BLAST

TWELVE LIVES TOLL TAKEN BY
WEATHER EXTREMES

INTENSE COLD SPREADS OVER WIDE TERRITORY

Chicago, With Twenty-two Below Zero, Has Lowest Record in Forty Years.—Suffering Is Intense Among Poorer Class.

Chicago.—Eighteen lives was the toll exacted by the coldest weather Chicago has known in many years.

The death total reported from various cities affected by the cold wave stands at this writing at forty-two.

In addition to the eighteen Chicago deaths twenty-four others in other sections of the country died from the cold or by accidents directly due to the extreme weather.

Chicago.—Winter's icy blast over the middle west has taken a toll of twelve lives and demoralized rail and wire communications.

Temperatures as low as thirty-one degrees below zero were recorded in several cities of the Great Lakes region. Other sections reported the mercury standing between zero and twenty-six degrees below.

Several people were frozen to death in Chicago, two in St. Louis, one in Cleveland, one in St. Paul and one in South Bend, Ind.

Snow accompanied the cold blast in some of the sections, but over the most of the middle west the skies were clear. Strong winds were reported almost uniformly over the belt. In addition to the intense suffering in the tenement districts in the larger cities, many fires brought exposure, pain and considerable property damage.

At Rainbeck, Iowa, fire swept nine business buildings in the downtown district before the firemen could bring it under control. A temperature of eighteen degrees below zero added to the difficulties of the firemen. Damage was estimated at \$135,000. Most of the fires were due to overheated stoves. The Chicago fire department answered 150 alarms in thirty-six hours.

Temperatures in many instances broke records of long standing. In Chicago the mercury reached twenty-two below, breaking all records since 1883. Some cities reported thermometer readings below anything on record.

Relief work was conducted extensively by charitable and civic organizations in the large cities. Chicago's municipal lodging house was opened for the first time this winter and scores of unemployed were sheltered. Jail cells were filled with vagabonds in search of warmth.

Communication wires were crippled over a large sector of the middle west and train schedules were almost destroyed. Trains from all directions into Chicago were many hours late. Passengers suffered intensely from the cold despite efforts of the roads to heat their coaches.

BOOK PEACE PLANS AWARD STIRRING UP POLITICAL DUST

Washington.—The Bok peace plan has become the cause of political strife. Even before its terms were made public, the plan selected for the Edward Bok \$100,000 award as the one most likely to be a workable means of maintaining peace has started senate irreconcilables on the war-path and arguments between senators who disagree on American isolation, resounded through the corridors of the capitol.

All senators knew in advance what the Bok plan was. They had all read copies of it long before it was made public Monday, and without revealing what the plan contains, senators opposed to the League of Nations and the world court have disclosed their intention of fighting the Bok plan to a finish.

CANCER CELLS ARE DISSOLVED BY NEW-FOUND SUBSTANCE

Vienna.—The investigations of Doctors Freund and Kaminer have proved that the blood serum of a normal person is able to dissolve cancer cells, but that the serum from cancer patients lacks this power and in addition contains a substance which neutralizes the serum and protects the cancer cells from destruction. The doctors were able to prepare out of a culture a specific substance which dissolves the cancer cells. The substance which dissolves the cancer cells has been isolated. It is found to be a saturated divalent organic acid.

Golden State News of Interest to All

The Eastern Star of Sacramento are planning to build a home of their own.

Bandits robbed the Western Union Telegraph office at Long Beach and escaped.

Dr. Emerson E. Hunt, divisional director of prohibition in Los Angeles, has resigned.

Fire of mysterious origin destroyed a large barn belonging to F. Stanfilippo at San Jose.

The Bank of Italy has purchased the Hanford National Bank and will consolidate it with its local bank.

San Francisco's postoffice, having done more than \$7,000,000 in business for the past year, automatically advances to first class rating.

Records show that the total rainfall between September 1, 1923, and January 1, 1924, was 9.52 inches, about one-half the normal precipitation.

Hundreds of cases of canned sardines, dropped overboard during the year while being loaded at Monterey, are being retrieved by thrifty fishermen.

Ralph C. McComish, San Jose attorney, died of injuries received Christmas, when a truck used to distribute supplies to the poor overturned.

A World war romance culminated in Sacramento when Miss May Rawson of Woodland and George W. Streigler of Hawthorne, were united in marriage.

An automobile stolen from J. W. Gallup at his ranch, near Woodland, December 31, 1923, was recovered at Elko, Mendocino county, just one year after, to the day.

Ground breaking ceremonies which officially inaugurated construction work on the new \$300,000 Scottish Rite temple at San Jose were conducted January 5.

Building permits issued in Oroville during the month of November called for expenditures in construction of new buildings and repairs to old in the amount of \$25,965.

A glider in which a number of successful half-mile flights have been made, has been constructed by two students at the California Institute of Technology, at Pasadena.

When Joe Plaza gets out of the county jail at Stockton, February 9, he will find an immigration officer waiting for him and may shortly thereafter be deported to Mexico.

January 1 the North Yuba river at Downville was lower than it has ever been. The government gauge in the north fork registered 2.00 feet, .30 feet below previous low record.

Colonel William P. Burnham, commanding at the Presidio, San Francisco, has been appointed brigadier-general. He will fill a vacancy created by the promotion of Major-General Gordon.

T. Robles and Joe Cartinas were held in the county jail at Oroville pending the outcome of injuries to Amador Nunes, found unconscious with his throat cut and bruised about his head.

Mrs. Josephine Tynan Tattersall of San Francisco who was killed in an automobile accident in Orange county, December 15, left an estate of \$35,000 in stocks and bonds, jewelry and personal effects.

Demolishing of the battleships Vermont and Nebraska will start this week at the Moore shipyards in the inner harbor. This will keep several hundred men employed for a good part of the year.

To commemorate the meeting of the first state legislature at Benicia in 1853, the Daughters of the American Revolution have placed a handsome bronze tablet on the wall of the Benicia city hall.

California had 150 more federal criminal cases than New York, in 1923. It was pointed out in appealing to Attorney General Daugherty for the assignment of two more federal circuit judges to California.

San Francisco dry squad operatives arrested more than two score persons including several women, in a series of sensational raids on alleged liquor resorts during New Year's eve and the early morning.

Major George W. Fishbeck, formerly in the United States diplomatic service in South America, and his wife were instantly killed near Santa Barbara when their automobile was demolished by a Southern Pacific train.

Oil field operations reported to the state oil and gas supervisor during the week ended December 29, show twenty-three new wells started, the same number as during the previous week. The total new wells this year is 1,400.

Water from a broken penstock swept Mrs. Charles Berry and Linda Steller from a mountain road and hurled them far out over a canyon at Camp 33 of the Southern California Edison company, dropping them 200 feet to instant death.

FARLEY-LARSEN

Miss Amy Iola Farley, daughter of Mr. and Mrs. A. J. Farley, and Anders Larsen, son of Mr. and Mrs. Jens Larsen, of Copenhagen, Denmark, were united in marriage at the home of the bride's parents, Thursday morning, January 3. The Rev. W. H. Lloyd former pastor of the Campbell Methodist church, but now at Hollister, read the ceremony.

Just preceding the service Miss Florence Kennedy, accompanied by Miss Beth Kennedy, sang "I Love You Truly."

Refreshments were served after which the happy couple went to the Monterey peninsula for a honeymoon trip.

The bride wore a pretty satin dress with hat to match and carried a shower bouquet of freesias and violets.

They will be at home after January 15, in San Francisco, where Mr. Larsen is in the employ of Uncle Sam.

Miss Farley is a graduate of the local schools and of the Arts and Craft school of Berkeley and has been teaching art for some time. Their many friends here and elsewhere extend them every good wish for their happy future.

GRANGERS HOLD JOINT SESSION

Stanley B. Smith was installed as Master of Pomona Grange at the joint installation held Saturday at Mountain View. Other offices held by Campbell members are secretary, Mrs. Ida M. Clendening; Pomona, Miss Ella Ochs; Flora, Mrs. Ada Coupland; organist, Miss Myrtle Arnett, and Executive Committeeman, Horace Keesling.

Officers of Orchard City Grange were installed Saturday as follows:

Master—Hedley V. Archibald.
Overseer—Louis Shelley.
Lecturer—Ida M. Clendening.
Steward—A. E. Rae.
Assistant steward—J. B. Knaak.
Chaplain—Miss Mary Parkhill.
Treasurer—Frank S. Newcomb.
Secretary—Edna F. Keesling.
Gatekeeper—S. N. Hedegard.
Ceres—Mrs. Bessie Young.
Pomona—Mrs. Marie Barnes.
Flora—Miss Marian Jenkins.
Organist—Lucia Whitney.

Arizona Dam Protested

Washington.—Moving to save the Colorado river power and irrigation project, the department of justice directed the United States district attorney in Arizona to have the federal court enjoin James B. Girard from constructing a dam at Diamond Creek under a state permit.

Kate Terry Dies at 80

London.—Mrs. Arthur Terry-Lewis, 80, sister of Ellen Terry and eldest of the famous Terry family of actors, died in her sleep in her home here.

Bulgars For Cigarettes

Sofia.—A law prohibiting the smoking of pipes and cigars is in effect throughout Bulgaria. This measure was introduced in order to increase the consumption of cigarettes, which as a government monopoly would be calculated to increase the public revenue.

Four Men Die in Fire

Peoria, Ill.—Four men lost their lives in a fire at Rushville, which destroyed five buildings on the town square.

Water was the chief beverage of New Year's eve revelers at Sacramento, when the city's \$3,000,000 filtration plant was christened. President Coolidge touched a button in Washington and released a flood of sparkling water.

Mysteriously attacked by fourteen men, believed by officers to have been hijackers in quest for liquor, H. H. Firth of Huntington Park was the victim of a robbery and beating during which his home was wrecked.

Robert Swanstrom, member of the crew on the steamer Matilda, was found dead in the pilot house at Petaluma. A post mortem examination showed hemorrhage of the stomach.

Information as to the whereabouts of Mrs. M. Stead, formerly of Burbank, is asked by her brother, C. S. Hughes. Mrs. Stead's mother is near death.

P. T. A. Food Sale, Jan. 12.

CLUB WOMEN SERVE BANQUET TONIGHT

The committee in charge of the program of the Country Woman's Club had decorated the club room very effectively with bamboo, potted ferns and Chinese lilies, while two flaming banners of red and orange were hung from the mantel beside the fireplace. The chairman, Mrs. Marshall Ross, interpreted these as meaning "Happy New Year" and "Good Luck."

The program was opened with real Chinese music, played on the victrola, other records being given later, and then Mrs. Chas. Berry gave a most interesting review of Arthur H. Smith's "Village Life in China." The intimate details of life in the smaller communities were explained, many of them quite new to most of those present.

Mrs. J. D. Blaine read from "With the Empress Dowager" by Katherine Karl, giving an American artists impressions of that much discussed ruler from a view point few have had any opportunity to see. The closing numbers were two charming piano numbers, a Concert Etude and a Waltz played by Miss Katherine Wood of the College of Pacific.

The business session was full of interest as well, the plans for the banquet of this evening being outlined and duties assigned.

ODD FELLOW OFFICERS INSTALLED

The semi-annual installation of the officers of Morning Light Lodge No. 42, I. O. O. F. was held last week, the installing being done by District Deputy Grand Master Charles Bishop and suite of San Jose.

The newly installed officers are:

Past Grand, Sam Smith.
Noble Grand, Ernest Snow.
Vice Grand, Donald McQueen.
Recording Secretary, Ralph Gardner.
Financial Sec., Edw. Genasci.
Treasurer, T. A. Robinson.
Chaplain, Ralph Halbrook.
R. S. N. G., Claude Grizzle.
L. S. N. G., Charles Thompson.
R. S. V. G., H. A. Pratt.
L. S. V. G., Lester Brackett.
R. S. S., Bryan Dow.
L. S. S., Horace Lea.
O. S. G., Chas. W. Shumway.
I. S. G., Jas. A. Moore.

A large attendance of members and visitors enjoyed a banquet following the installation ceremonies.

CLASS PICNIC

The C. J. C.'s had their first outing Friday, December 28, every member arriving promptly at 8:15 at the home of the superintendent, Miss Fablinger, and thence by auto to Saratoga. From there everybody hiked to the top of John Brown's hill. Upon arrival at the top it was time for lunch. Oh boy, we had everything from hot dogs to cake, and everybody sure did eat. After a little sightseeing, the view from the top of the hill being wonderful, the homeward hike was started. Everyone had a wonderful day and is looking forward to another one soon.

ENJOY WINTER HERE

Mr. and Mrs. W. M. Isbell and sons, Kenneth and Charles, arrived Friday for a visit with Mr. Isbell's sister, Mrs. Cora Marshall and family. They will later go to Los Angeles to visit a son. They are much pleased with our delightful region and may later locate in the county. Mr. Isbell is an attorney in Chicago, whom Judge Taft swore in to practice before the United States Supreme Court. He was a pall bearer at the funeral of the late President Harding.

P. T. A. Food Sale, Jan. 12.

P.T.A. PLAN PLAY FOR FEB. 22

The regular meeting of the Campbell Union Grammar School P. T. A. was held Thursday afternoon with a good attendance.

The P. T. A. has made a contract with the Elson Art Publication Co., to exhibit 200 large pictures and about 200 smaller pictures of the masterpieces of painting and sculpture from the greatest public art galleries of the world. This Exhibition will be held March 6 to 8, inclusive and will give the citizens of Campbell and vicinity an opportunity to see and select some of the finest pictures that can be obtained for our school and homes.

The club has talked of staging a play for the purpose of raising money to help pay their debts. As we have some very good talent here in Campbell this should be a big success. The date has been set for February 22.

The cafeteria committee reported a great improvement in the cafeteria and that a first class menu, consisting of a great variety of wholesome dishes is now being served for 5 cents each. The cafeteria is patronized by over 100 children daily and with the cold weather we hope this number will be doubled, as parents begin to realize the importance of hot lunches for school children.

Mr. Cuthbertson spoke in high terms of the success of the P. T. A. and complimented the members on their faithful co-operation during the past year and hoped for its continuance and still greater success for the coming year.

The prize for the largest attendance of members was awarded to Miss Naylor's room. The meeting then adjourned to the cafeteria where the hospitality committee served coffee, tea and delicious cake.

The next meeting will be Tuesday, February 5, and will be called at 2:30 p. m. which hour will continue during the winter months.

CAMPBELL SIGNS PLACED BY MERCHANTS

The Campbell merchants held their regular semi-monthly meeting at the library hall. It was voted to accept the Country Woman's Club offer of monthly rental of eight dollars. The association will re-rent for nominal sums to other organizations.

The principal matters of business discussed was the road sign placement and the publicity booster sheet.

The Association sign committee has been busy putting up the new Campbell director signs. Those who have put in good time at placing these signs are, O. Strom, J. F. Wehmeier, C. W. Shumway, C. H. Whitman, T. E. Tucker, L. S. Miller and H. C. Smith.

The signs which read "Campbell, the Orchard City—miles, Trade where you can park" are already creating much favorable comment and it is understood other towns of the county will make a similar move for publicity.

According to the publicity committee report it is planned to have the new booster sheet out about the first of February.

The election of new officers concluded the business session. They are: H. W. Morton, president; G. S. Robson, vice-president; C. H. Whitman, second vice president; C. W. Shumway, secretary; J. B. Strong, treasurer.

Following the adjournment Mr. Vrooman treated the members to a short radio program.

Charity Tea

The ladies of Pundita Circle will give a tea at the home of Mrs. Jas. Turner on Winchester road, Jan. 16. There will be a gift table where attractive articles can be bought. The proceeds of the sale will go for charity. The hours are set from 3 to 5 in the afternoon and the public is cordially invited.

Special Announcement

Libby, McNeil & Libby have consented to redeem Libby Milk Coupons for the Famous Toy Store up to June 15, 1924.

UNIVERSAL
ELECTRIC WASHER

The way to keep
a Laundress—

is to keep the "Universal" Electric Washer in your laundry.

"NO Washing!" is the battle cry of the modern maid who is requested to scrub clothes on the washboard and parboil her hands in hot, sudsy water. The easier the washing, the easier to keep the laundress.

THE "Universal" Washer calms the rebellious spirit of the temperamental laundress. She likes to work it just for the fun of it. She works the washer without working herself to excess. She rests while it washes, saves time while it wrings.

THE "Universal" does the cleanest washing the quickest, safest way. In has every improvement that can be devised to give it enduring value. Let us prove its greater worth by its better work.

We'll place it in your home on trial. Call or 'phone.

POSTER DESIGNED AS A WARNING

Municipal Court Judge Meredith Yeatman of Cincinnati, Ohio, had this striking poster designed as a warning to the many traffic violators that are brought into his court. Each time a new victim is added to the number, the poster is changed.

THOUGHT FOR TODAY

"It is the fault of all of us, 'till we have duly practiced our minds, to be unreal in our sentiments and crude in our judgments and to be carried off by fancies, instead of being at the trouble of acquiring soul knowledge."

—Newman.

TAX BURDEN MUST BE LIGHTENED

It is very evident that the entire country is vigorously in favor of lower taxes. The plan to reduce taxes, prepared by Secretary of the Treasury Andrew Mellon, and endorsed by President Calvin Coolidge, we believe, will be welcomed by voters of all parties. We all want lower taxes.

The Washington Post says: "So long as the people's living is pinched because of excessive taxes they will demand relief."

Considering the matter from the standpoint of those who advocate the passage of a bonus bill, the Richmond, Virginia Times Dispatch says that "tax reduction will mean a bonus for everybody, including the man who served in the war with Germany. The single person who now pays \$40 a year on a net income of \$2,000 will pay, under the Mellon plan \$22.50, realizing a yearly bonus of \$17.50. That would be a saving to millions of people, spelling happiness and prosperity to a great portion of our population."

If the American people wish tax reductions they must curb their demands for tax expenditures and vote for men and measures pledged to business administration and economy in public affairs. Unless they do this, they will have no one but themselves to blame if their tax burden is double its present figure five or ten years hence.

SHALL IT BE NINETEEN "PLENTY" FOUR

Pessimists would have you believe that this world is reaching a stage of mediocre living—that life at its best now is a continual groping to exist.

But the year of 1924 will unquestionably find the United States government, the state of California, the county of Santa Clara, and your own family in improved conditions. Those who yell "loudest" are frequently responsible for their individual ills.

This world has its faults, every age had faults to combat, but—if it were not for these hills to climb, we would soon become a race of stagnant people.

Optimism in the universe is a stable way of expressing "Everything will come out in the wash, even though it is a long time washing."

Count every day of 1924 a forward step to maintaining the equilibrium of your family life. Make this community hum with your actual progress of betterment.

PROTECT THE CHILDREN

Every day in every newspaper there are stories of children run over and hurt by automobiles. In many cases the fault is with the motorist, but in many others the accidents are found to have been inevitable. A man driving a car along a street can do nothing to avert an accident if a child suddenly rushes off the sidewalk and tries to cross the street in front of him. This is the cause of many accidents.

Unfortunately, for many children, the streets are the only possible playgrounds, and it is difficult—but not impossible—to keep them on the sidewalk. Parents can do much to prevent accidents by insisting on their children keeping off the pavement.

CAUSE OF SUSPICION

Whenever we get a communication which begins, "Your name has been given to us as one of the prominent citizens of your community," we read just that far. There is always a coupon at the bottom.

The beautiful hymn said "scatter seeds of sunshine", but too many people prefer to distribute drops of moonshine.

TRADE WHERE YOU PARK.

That Wonderful Potato

ALL POTATOES, we mean, are wonderful. That's true whether you dig them from your own garden; or fall a prey to the wily peddler, as you vowed you'd never do again; or are vastly tickled with those fine Idaho Gems sold at Blaine's Store. We mean that the potato, as a food, is a wonderful discovery.

There are three main planks in the food platform. There are the simple elements that make the rich blood that puts the fine natural color in our young lady's cheek, if she'll leave off enough paint to let us see it. There are the vitamins—Isleton Butter is a gold mine of them—that help set the fine sparkle of health in the eye of a child. Finally, there are the alkaline (base forming) and the "acid forming" food reactions.

We speak today particularly of the last plank. You know well enough that if your blood is in an acid condition you are not feeling tip top. The potato, among foods, is the king of all acid correctors. That's why you like potatoes with such food as a roast of meat, or with our fine Mayrose cheese, or with our selected eggs, or with our rich-flavored Red Boy salmon. Other starchy foods you might use to get, in the ordinary sense, a balanced diet. But no other starch so available will give the needed anti-acid reaction. Hence you never tire of potatoes. You welcome them today and every day.

Fruits, Too.

In this rather amazing subject of residual ash reactions, the most astonishing fact is that most fruits, and especially citrus fruits, are transformed in the body system to acid correctors. After being assimilated their reaction in the blood is "base," or alkaline. They, also, contribute wonderfully to physical tone.

Take half a grape fruit, or a dish of our Palatable Canned Grape Fruit, at breakfast. Put lemon juice instead of vinegar into your salad. Most of all, oranges! Put them in the children's lunches. Slice some of them into a fruit salad at dinner. Stay off a "blue" tomorrow by eating an orange the last thing at night.

(Subjects such as the above will be found fully treated in any standard text book on nutrition.)

Town Tales Tersely Told

P. T. A. Food Sale, Jan. 12.

T. L. Mendel joined the long list of flu victims this week.

C. F. Rubell is able to be about again after a long hard fight with the prevalent flu.

Mrs. L. M. Beal is nursing a broken forearm as the result of a fall in her home last week.

Mr. and Mrs. S. N. Hedegard left the first of the week on a business trip to the Sacramento valley.

Mrs. Clare Bryant arrived Tuesday for a short sojourn with her parents, Mr. and Mrs. J. H. Isham.

Miss Lucy Vandergon, spent part of the New Year week here returning to Salinas to resume her school duties.

Mr. G. M. Ellison returned to the hospital this week to be further treated for his eye trouble and tested for glasses.

C. U. H. S. reopened on Monday with all the teachers who had spent their vacation at various places, again at their posts.

This evening the local unlimited high basketballs will journey to Half Moon Bay with Coach Noddin to cross-fire with that high team.

The G. M. Ellison family moved to their new mission style bungalow on Rincon avenue in time for the marriage of Miss Nannette.

Mr. and Mrs. J. W. Lancaster arrived home from the south Sunday. They were much pleased with places visited but will remain here for a while.

Leslie Byerly, of Gouverneur, Saskatchewan, arrived last week to spend the winter here with his parents, Mr. and Mrs. C. E. Byerly, of Rincon Avenue.

Mrs. Anna Cookson and Mr. Ralph Cookson, of San Luis Obispo, visited from Thursday to Monday with their daughter and sister, Mrs. W. I. Merrill, and family.

Installation of officers of Charity Lodge 362, F. & A. M., will be held at Campbell Monday evening. District Inspector, T. M. Wright will be the installing officer.

C. T. Fawcett has made and presented to the new library several very convenient short step-ladders for use of the patrons to reach the higher shelves. Their need is attested by the constant demand for them during open hours.

Arthur J. Peterson, brother of A. U. Peterson, arrived last week from Kokato, Minn., where he has a farm. He motored thru Montana, Idaho and Oregon just missing storms all the way, and will pass the remainder of the winter here.

Miss Helen Gould Gardner entertained a party of her young lady classmates recently at a daintily appointed dinner. After the dinner hour a group of the boys arrived and the remainder of the delightful evening was spent in playing Mah Jongg and music.

E. R. Kennedy realty office reports a busy week just past. He sold the Amelia Merrill property on Central Avenue to Manuel Teixeira, who moved in at once. Another transfer was the former E. O. Evans home on Central avenue to Mr. and Mrs. Eugene Fletcher.

Miss Verna Darrow of Berkeley has been engaged as the new teacher on the high school faculty. She will teach first and second year subjects to enable the new midyear grammar graduates to immediately take up the high school work. The half year term begins Feb. 11.

Mr. and Mrs. O. A. Newhall of Yakima, Wash., arrived Tuesday for a visit with Mrs. Newhall's son, L. S. Miller. They are finishing a circuit trip visiting at their old home Owatonna, Minn., thence south to Alabama. Coming the southern route they visited at Pasadena and are now on their way home.

P. T. A. Food Sale, Jan. 12.

George Lanphear invited twelve of his band boy friends to help celebrate his twelfth birthday anniversary Friday evening. Various boys games and a boxing bout furnished the amusement for a very enjoyable evening closing with delicious refreshments.

J. E. Lawrence has sold his property on West Central Ave., adjoining Dr. W. I. Merrill's to Mrs. Amelia Merrill, who is having a few changes made prior to renting part and occupying some of the rooms. The lower floor will be rearranged and Dr. Merrill will move his offices there.

An unprecedented series of operations has been the lot of the children of Mr. and Mrs. E. Barron, Billy, Betty and Bruce. Successively, with only about a week's interval, they have undergone operations for mastoid. The third one is now at home and at last reports all were doing well.

The social evening meeting of the high school P. T. A. will be held Saturday evening at the high school auditorium. This meeting is being held especially for the fathers to get together. Superintendent Jos. Hancock will be present and speak on "School legislation." All high school parents are cordially invited to attend.

Mrs. J. F. Stull, who arrived Thursday morning for a visit with her mother, Mrs. C. H. Whitman, left Tuesday for her home at Hermosa Beach, near Los Angeles. Mrs. Whitman, who has been seriously ill for some time is somewhat improved and her many friends are hoping to see her out again with more clement weather.

J. E. Lawrence, one of our highly respected citizens will shortly sail for New Zealand, where he expects to make his home. During his residence here he has made many warm friends who bid him godspeed with best wishes. At present he is having a hard time to secure his passport because of the citizenship records of his father being burned in the San Francisco fire.

We are in receipt of cards announcing the betrothal of Miss Fern Grace Brundage and Mr. Sidney Walker Browne. Miss Brundage lived here for a number of years with her mother, who was then in charge of the local telephone office and the store adjoining. She was a very popular girl and news of her prospective marriage will be a matter of interest to many former friends and acquaintances.

Rev. Colliver to Speak

Rev. Geo. Colliver, of the College of Pacific faculty will occupy the pulpit at the Congregational church Sunday evening. Wallace Knowles, son of President Tully Knowles, will sing. They will be accompanied by a young Japanese student who will speak of his people. Please bear in mind that this service begins at 5:30. Following this a class study of Japan will be held from 6:30 to 7:30.

P. T. A. Food Sale, Jan. 12.

A parishioner of St. Rose's church, Santa Rosa, has presented seven stained glass windows for the parish church and will also fresco and tint the interior of the big edifice. This work will be carried out and other furnishings added before June, when the pastor, the Rev. John M. Cassin, celebrates his golden jubilee as a priest and his thirty-fourth anniversary as pastor of St. Rose's.

Thirty bids have been received at Washington for work in constructing the veterans' hospital at Livermore. H. S. Williams of San Francisco was lowest for general construction, and the Latourette-Fical company of Sacramento lowest for heating, plumbing and electrical work. The hospital will be constructed of hollow tile and reinforced concrete, and will have 250 beds.

The Cole school, Tenth and Union streets, Oakland, and the high school at Woodland were destroyed and seven firemen hurt in blazes of incendiary origin in the bay district. This makes a total of four schools set afire within the last few weeks. Police of San Francisco, Oakland and Alameda are searching for the pyromaniacs who fired the Cole building.

Multi-colored roses and other sweet-scented blossoms graced an aggregation of thirty or more beautiful floats as Pasadena ushered in her jubilee year, New Year's day, in celebration of the fiftieth anniversary of the city's founding, with the most elaborate tournament of roses since the institution of the annual event, thirty-five years ago.

NEW GARAGE OPENED

Worthin Grattan has opened a garage on Harrison avenue where he is ready to pack up all your car troubles. Mr. Grattan is thoroughly familiar with motor diseases and their remedies, having been for some time shop foreman in an Iowa garage. He is also a doctor of the ills of electrical machinery.

His motto, "Every transaction must give satisfaction" should prove a good drawing card.

A. B. Faviller, employed in an oil plant at Martinez, was asleep in his house when he was awakened by the burning of his bedclothes. He took a long breath, groped his way to the window and jumped. He landed safely just as the roof collapsed on his room.

Double tracking of forty miles of railroad between Hicks, twelve miles south of Barstow, and the summit of Cajon Pass, has been ordered by the Santa Fe company. This is the last gap in the double track system between Winslow, Ariz., and San Bernardino.

Losses from the theft of nine pouches of mail on the steamer Monticello at San Francisco, December 21, will not total more than \$1,400. It originally was believed that \$20,000 in Liberty bonds had been stolen, but a \$100 Liberty bond, \$1,300 in bond coupons and some checks comprised the total.

Fire almost completely destroyed the two-story building containing the repair shop and chauffeurs' sleeping quarters of the Pierce Arrow Stage company at Placerville. The fire started while the Native Sons' dance was in progress.

BOY SCOUTS

(Conducted by National Council of the Boy
Scouts of America.)

PRIMA DONNA SCOUTS' PAL

Madame Ernestine Schumann-Heink
has a special place in her heart for
the boy scouts. A promise made by
her eighteen months ago to the scouts
of Boise, Idaho, to go camping with
them and sing for them around the
campfire, is still unfulfilled, but that
the great prima donna has forgotten
neither her promise nor her scout
friends is shown in the following let-
ter recently sent by her to the scouts
of Boise.

"My Dearly Beloved Scout-Sons:
"Don't lose faith in me, please. If
you knew how hard I work, after I
was two and one-half months ill, near
dying; how I had to make up all the
postponed concerts and bank and
house—oh, gee, all sorts of things to
attend to, you would forgive my not
coming or writing. You see, boys, I
am, with all my many thousands of
friends and own family, alone. There
is no loving husband. Since twenty-
one years I lost the fine, dear father
of my children, and since I am to ful-
fill the duties of father and mother,
and sing besides. As you know, my
children now all are married, have
their own children. I am free, so you
think, to run around and around and
enjoy life, but not I. My duties are
just as great, and even harder, though
I love it and I am happy to be 'the
most necessary fact' in many ques-
tions.

"This year's vacation I used to fix
my new home, where I will live till
the Great Caller comes whom we all
have to follow peacefully. I am still
singing, so I hope, for four years more
before I retire. Then I shall have
been singing fifty years and close my
career with my golden jubilee. To
see you all once more, beloved chil-
dren of mine, and be with you 'round
a campfire and telling you some sto-
ries and facts of my life, shall be one
of my dearest duties to fulfill, and
when you are men and come near my
home in California, sooner or later,
you will be very welcome there, every
one of you.

"My best love and wishes are with
you and yours and beautiful, great
Idaho, and the Boise City people.

"Devotedly, faithfully,
(Signed)
"MOTHER" ERNESTINE SCHU-
MANN-HEINK."

SCOUTS PLAN BIG GOOD TURN

The forces of the Boy Scouts of
America are to be drawn up in a na-
tion-wide civic good turn in the form
of assistance in community rat-kil-
ling campaigns. The executive board,
Boy Scouts of America, has recently
given official backing to scouts' help
in organized effort, to rid the land of
the malignant rodent.

That scouting's standards of fair play
and humane ideals will in no wise be
endangered by scouts' participation in
the extermination of the pests, is cited
by Dr. W. T. Hornaday, director of
the New York Zoological park, known
the world over for his high sportsman-
ship and sympathetic knowledge of an-
imal life.

"I cannot conceive of a more laud-
able use of the surplus energies of
the boy scouts than in helping in the
task of bringing about the total ex-
tinction of the common rat, the recog-
nized pest throughout the world,"
says Doctor Hornaday. "The boy
scouts should be commended and en-
couraged in the ruthless killing of
rats. If the loss of the millions of
dollars to agriculture and the trade,
caused by these animals, is not suf-
ficient to justify destruction, then con-
sider the further menace as the car-
riers of many contagious diseases
which they alone are the means of
scattering broadcast. In my opinion
there is no danger of impairing the
morals of boy scouts or encouraging
ruthless slaughter of wild animals
while engaged in the extermination of
these loathsome pests. If the Boy
Scouts of America should be the means
of killing off all domestic rats and
rodents they would be entitled to a
medal and a monument a mile high to
show the appreciation of the world in
general."

THE PRESIDENT ON SCOUTING

President Coolidge is a firm believer
in the boy scout movement. "Your
organization," he has said to the
scouts, "serves to preserve and bring
out valuable traits, and I believe that
the Boy Scouts of America have a
great future before them and consti-
tute a real force working for good citi-
zenship."

THE BOY SCOUT GOAL

"We are primarily concerned in
building out of the boyhood of today,
a manhood for tomorrow—a manhood
fully equipped physically, mentally
and morally, not only to meet the prob-
lems of the home, the city and the na-
tion, but the problems of the world. It
is a grand and glorious opportunity
which we scout leaders have. May
God give us strength and wisdom to
do the job well."—James E. West,
chief scout executive, Boy Scouts of
America.

RADIO A CURE FOR FLOP EARS

Earmuffs on Receiver Do the Work
for Boy Who Was Thus
Afflicted.

"Protruding ears will soon be a char-
acteristic of a bygone race," said Wil-
kinson. "Mothers of the future need
have no fears that their young ones
will grow up with flapping auditory
organs. The radio will attend to
that.

"My boy Junior not so long ago had
one of the most pronounced pairs of
protruding ears I have ever seen. It
was a terrific blow to us. Since the
day of his birth we had worked to
make him look pretty. My wife before
long had visions of his becoming a
million-dollar-a-year movie star.

"She overlooked nothing. As soon
as Junior had hair long enough to curl
she curled it. As soon as he was able
to walk she saw that he carried his
feet in the approved fashion—almost
parallel, the toes pointing slightly east
and west. When his new teeth started
coming we had the old ones extracted
immediately so that he would have a
straight, even set.

"Until two years ago his ears
seemed to be just ordinary ones. They
were not exactly tucked in close against
his head, but they were not obstreper-
ous. Then suddenly they started shoot-
ing out at right angles. You can
imagine the shock.

"When our hopes were at the lowest
ebb the boy became a radio fan. For
two, three and four hours a day he
would sit at his set, the head tele-
phones clamped over his ears. In six
months those awful flappers began to
improve their shape. The radio ear-
muffs had done their work."—New
York Sun and Globe.

BYRON TRIED TO KEEP THIN

Starved Himself to Avoid Corpulency
but Had Periods of Ex-
cessive Eating.

In "Beas Brummel and His Times"
one reads that Byron, "fearful lest he
should become fat, starved himself
and then ate and drank to excess upon
nights of relaxation." The two pre-
ceding days, relates Thomas Moore,
Byron had taken nothing but a few
biscuits and had chewed mastic to
stop the craving of his stomach. One
is told, also, that he wrote "Don
Juan" on gin and water. Early in 1803
Byron, when only seventeen years of
age, already experienced the discom-
fort and disfigurement of corpulence.
He weighed himself regularly at the
old coffee mill, 3 St. James street,
where for over 150 years eminent peo-
ple have gone to be weighed.

Byron was absent from England be-
tween 1809 and 1811, he having left
for the continent July 8, 1809. May
10, 1810, he swam the Hellespont from
Sestos to Abydes in emulation of
Leander, and, sailing for home July 3,
1811, the poet was met by his friend
Dallas at Reddish's hotel, St. James
street, on July 15, 1811, the day on
which he was weighed for the last
time at the old coffee mill. His suc-
cessor, the seventh Lord Byron, was
a regular customer at that popular
resort.—Adventure Magazine.

Another Wave Motor.

Professor Trischetto, an Italian, pre-
dicts that if his recently invented
model is adopted it will make it prac-
tical to get power from the waves of
the ocean.

The extraction of power from the
ocean's movements—waves and tides—
has long been the dream of inventors,
as such a source of power is practical-
ly inexhaustible; but heretofore the
models have either been failures or
so expensive to operate as to be im-
practical. Professor Trischetto, how-
ever, claims that with his device he
can generate ten horsepower from
each square yard of ocean surface
used.

An interesting sidelight on the pro-
fessor's invention is the fact that he
has been refused aid by his own gov-
ernment and has announced his in-
tention of offering his device to En-
glish capitalists when it is perfected.

Alaskan Eskimo Progress.

In twenty years the Alaskan Eski-
mos have made great strides in the
ways of civilization. They have
churches and schools, many of them
read and write, and, owing to the
reindeer herds that the United States
government started for them, most of
them are prosperous. Deer meat in
the North sells at the rate of nearly
\$10 for 160 pounds, which is the
weight of the ordinary carcass. The
natives now own at least 200,000 rein-
deer, which are under government su-
pervision.—Cleveland Plain Dealer.

London Growing Fast.

It has been estimated that the in-
crease of London's population during
and since the World war is no less
than 600,000. Vast numbers were at-
tracted from the provinces by the lure
of plentiful employment and high
wages. Now, having acquired the
taste for London, they do not return,
even though employment is not now
plentiful and wages are not what they
were.

Explorers Ate Shoes.

Three explorers of the wilds of
Northern Canada have made their way
back to civilization after two years of
grueling experience. They covered
more than 4,000 miles, mostly by
canoe, overland stages of the trip be-
ing made with the aid of a dog team.
More than once they were near starva-
tion and once they were compelled to
eat their old moccasins, discarded
sacks and dried suckers.

FARMERS UNION COFFEE

IN VACUUM CONTAINERS

A good coffee deserves to be well packaged.
It is with a good deal of satisfaction that
we announce FARMERS UNION COFFEE in
aroma-tight tin containers.

These new containers keep all the richness
and goodness of the coffee in the coffee till
you are ready to release it.

Costs no more than any other first-grade
coffee: 45c, \$1.10 and \$2.15. Try it.
You'll like it.

BIG CONCRETE PLANT AFLOAT

Interesting Mechanical Contrivance
for Use in Great Lakes Harbor
Improvements.

Among the interesting mechanical
sights on the Great Lakes is a com-
plete concrete plant afloat. This has
been used in important harbor im-
provements, and the plant has a
capacity of 150 yards a day. It rests
upon a scow, which is easily run
alongside of the cribs on which the
concrete dock is to be built. The con-
crete is poured into the forms from
one end of the scow.

At the forward end of the scow are
separate divisions for crushed stone
and sand. A whirle located just to
the rear of these is used to lift the
stone and sand to the mixer. The
cement is kept in a house to the rear
of the whirle, and is raised to the
mixer by means of an elevator. To
the elevator it is loaded and unloaded
by hand. Power to operate the ma-
chinery and to furnish electric light
is supplied by an upright engine.

Our Most Beautiful Words.

A somewhat novel contest was held
recently in New York to decide the
twenty most beautiful words in the
English language. Thousands of peo-
ple took part, and John Shea, a law-
yer, was declared the winner. Of the
25 words submitted by Mr. Shea, 21
were accepted. The words accepted
were: Melody, splendor, adoration,
eloquence, virtue, innocence, faith,
joy, honor, radiance, nobility, sym-
phony, heaven, love, divine, hope, har-
mony, happiness, purity, liberty.
Three words were rejected: "Grace,"
"Justice" and "truth." The two for-
mer were eliminated, it was ex-
plained, because of the harshness of
the "g" in "grace," and the "j" in
"justice." The word "truth" was
eliminated because of its metallic
sound. Why the words "mother" and
"home" were not included in the list
will appear somewhat puzzling to
many readers.

The New Touring Car

\$295 F.O.B.
DETROIT

A Striking Value—at \$295

Considering the improved
appearance of the new
Ford Touring Car, one
would naturally expect a
proportionate advance in
price.

Larger scale production,
however, has made it pos-
sible to incorporate in this
new type touring car a
number of decided im-
provements without in-

creasing its cost to the
purchaser.

A comparison extending
over a long period of years
will reveal the fact that
the present price is actu-
ally the lowest at which
the five-passenger open
car has ever been sold.

The Ford Touring Car
stands today, as it always
has, a most remarkable
value in the motor car field.

This Car can be obtained through the Ford Weekly Purchase Plan
